YEARLY REPORT
Drafted by: Mr Kwena Moloto
In his/her capacity as: SRC President

Name: Kwena Moloto		Portfolio: President		Time Frame: September 2017 – December 2018
Project:	Timeframe	Action/Activities	Outcome/Achieved Results	Recommendations/Implications for Policy/Practice)
Pro working class/missing middle budget	Continuous	From the commencement of the 2017/2018 UP SRC's term, our goal has been to prioritize the SRC Study Finance portfolio.	Through various budget cuts the SRC has managed to provide the Study Finance portfolio with R2,200,000.	The role of an SRC is to serve students. By cutting out all forms of wasteful expenditure, such as SRC benchmarking trips, the 2017/2018 SRC has managed to assist 100's of students enter the gates of UP. I believe that in future, SRC's should continue this practice.
Constitutional Amendments	27 June 2018	The 2017/2018 UP SRC set out to amend the UP Constitution of Student Governance. In consultation with	The UP CSG amendments made provision for, amongst other things:	The process of amending the UP CSG comes with several

Future SRC's need to go about the process of constitutional review so that certain structural changes can be made to the CSG.
Transformation in TUKS RES	Continuous	Transformation at UP, especially in the TUKS RES space, has been a contentious issue for several years. Since the onset of the current UP SRC's term in 2017, issues of transformation in the TUKS RES space have been brought to the attention of relevant stakeholders, most notably the UP Council.	<p>Over the UP SRC's 4th Quarter in office we have seen many of our efforts in transforming the TUKS RES space bare fruit. A process of renaming Residences as well as Residences Corridors has begun to take place.</p> <p>Furthermore, by working with key committees such as STUKU, we have seen massive amounts of transformation in RES activities.</p>	Going forward I believe that more engagement needs to take space in the TUKS RES space re: Transformation.
Student Hunger	Continuous	<p>Since taking office the SRC has embarked on several food drives to tackle the issue of student hunger.</p> <p>The SRC has also been in engagements with various stakeholders, both internal and external, in regard to realising the dream of under R10 meals.</p> <p>The SRC has been in contact with various stakeholders including the CRC and private funders regarding the funding of food distribution points.</p>	In progress	The 2017/2018 SRC as well as future SRC's need to continue the fight for affordable meals on campus. I am confident that in the 5 th and final quarter of the 2017/2018 SRC's term that at least one distribution point for the under R10 meals will be installed. However, it is important that during the SRC handover period, the 2019 SRC need to continue the fight for
