Make today matter

1920

The Faculty of Veterinary Science was established in 1920, and celebrated its centenary in 2020.

LEGACY OF EXCELLENCE

1908

The University of Pretoria was established in 1908. Today, it is one of the largest research universities in South Africa. UP has transformed into a dynamic university community of staff and students who come from a range of diverse backgrounds and cultures showcasing South African and global societies.

TEACHING & LEARNING

Our educational approach has a strong focus on inclusivity and equitable access to education, but ultimately on equity of outcomes.

UP effectively uses contact sessions in traditional lectures, seminars, laboratories and practical sites, together with online learning platforms. This has enabled access and success for an increasing number of students. The teaching and learning approach is based on inquiry-based learning, hybrid learning and community-based learning. This means that students can ask questions and do research in their field to learn and discover answers on their own; while also being taught in a classroom environment and accessing additional resources online.

VISION & GOALS

OUR VISION IS TO BE

A leading research-intensive university in Africa, recognised internationally for its quality, relevance and impact, and also for developing people, creating knowledge and making a difference locally and globally.

OUR GOALS ARE TO

1. Enhance access and successful student learning
2. Strengthen the University's research and international profile
3. Foster and sustain a transformed, inclusive and equitable University community
4. Optimise resources and enhance institutional sustainability
5. Strengthen the University's social consciousness and its impact on society

HYBRID LEARNING

Through UP's hybrid model of teaching and learning, part of the learning is dependent on access to the online learning management system known as ClickUP.

A system is in place for students to buy their own devices at very competitive rates but more than **6 000** computers are available in computer laboratories across all campuses and within residences for student use. There are Wi-Fi hot spots across all campuses for use by students with their own devices.

FACULTY OF VETERINARY SCIENCE

Following on the work of its founder, Prof Sir Arnold Theiler, veterinary education has been at the forefront of animal production, health and wellbeing in the country. From a very humble beginning with eight students, the Faculty is now recognised internationally for its quality of training, research, services and community engagement.

ACADEMIC OFFERING

2

Specialised
undergraduate
degree programmes

Various postgraduate
degree programmes,
including specialist
veterinary training

STUDENTS

1 121

Undergraduate
students

296

Postgraduate
students
(across all levels)

2022 GRADUATES

162 BVSc

26 BVetNurs

29 MSc

24 PhD

6 PG Dip

98%

Undergraduate pass rate

102

Academic staff members

RESEARCH EXCELLENCE

44%

Academic staff members
with a doctorate

38

NRF-rated researchers

2
RESEARCH
CHAIRS

1 SARChI Research Chair
in Poultry Health and
Production

2 Afrivet Chair in
Primary Animal Health

RANKINGS

TOP 50

in the QS World University Subject Rankings for 2021

7TH RANKED

veterinary school in the southern hemisphere

#1

veterinary school in Africa

UNDERGRADUATE BVSC DEGREE PROGRAMME RECOGNITION

Royal College of Veterinary Surgeons (United Kingdom)
Australasian Veterinary Boards Council (Australia, New Zealand and Tasmania)

COMMUNITY ENGAGEMENT

Mobile clinics
in surrounding
communities

Hluvukani
animal clinic

Mamelodi
community clinic

Vetsco student
orientated
programme

RESEARCH SPECIALISATIONS

Vaccine development research

Development of new diagnostic tests

Wildlife research projects, ranging from disease epidemiology to advanced wildlife immobilisation

Research into high impact infectious diseases

One Health and zoonotic diseases

Clinical diagnostics and advanced patient care

Ethnoveterinary medicine, toxicology and pharmacology

ONDERSTEPSPOORT VETERINARY ACADEMIC HOSPITAL (OVAH)

1

Fully integrated student training and diagnostic laboratories

2

Specialist clinics for various species

3

On-site clinical pathology, diagnostic imaging and pathology services

The UP Way

It's as much about where UP comes
from as to **where we are headed**

It's about UP's excellence, innovation,
diversity, growth, kindness and
making a difference every day

It's about what we do to...
