

Gerald M. SRC Marketing, media and communications

Hi guys, this is Gerald, head of SRC Marketing, Media and Communications.

Uhm this global pandemic is easy to deal with... i'd advise you to sit down, stay put, watch some movies, put some work because this is not the end of the world, we are coming back eventually and you want to keep your things into track, so rather push some work and when you come back, you rather safe than sorry.

And the world is going to a better place soon, you just have to be patient and all that.

Stay in doors and stay put.
