

BEd Hons 2020 Information and Packages

The BEd Hons at UP is designed as a two year, part-time program. A blended learning approach is followed, involving class attendance on alternating Friday afternoons, with online assignments scheduled for weeks in between contact sessions. There are 7 different BEd Hons packages to choose from. Each package consists of 8 modules scheduled as 2 modules per semester.

Students who are not employed are allowed to register for full-time studies to complete the program in one year. Consequently, full time students attend class every Friday while also having to complete their online activities. These students should register for Year 1 as well as for Year 2 modules, amounting to 4 modules per semester. Full time study is challenging and not recommended for students who have other obligations.

An orientation session for new students will be offered on 31 January 2020, from 15h00-17h00 in Aldoel 2. During this session you will receive training in the use of the online learning system (ClickUP) as well as the library system. Be sure that you register for the BEd Hons course by the morning of 31 January 2020 to enable you to login to the ClickUP system for training on 31 January. Please bring your fully charged laptop to the orientation session. Students who completed their undergraduate studies at UP are not required to attend the full session if they are acquainted with ClickUp and the UP library. They may just need to familiarise them with the general organisation of the modules.

Details of the seven packages are outlined below on pages 2-4, showing module names and codes. The 2 modules to be taken in each semester are indicated for each of the 7 packages. Students should register for modules according to their year of study, starting with Year 1 modules in 2020 followed by Year 2 modules in 2021.

According to the language policy of the University of Pretoria, modules for the BEd Honors are offered only in English as from 2018.
