# Postgraduate Certificate in Education (PGCE): Further Education and Training Phase (FET) Teaching

Make today matter

An appropriate bachelor's degree or accredited and approved diploma is required for all the programmes. All prospective students who hold 360-credit diplomas have to provide evidence that their diplomas have been approved and accredited by the Department of Higher Education and Training. The PGCE consists of academic and teaching practice components. The academic components are presented in integrated modules during which students construct a practice theory of and for education.

The academic components run throughout the year. For the Teaching Practice/Work-integrated Learning (WIL) component, the Faculty places students in its partner schools. The first placement—for a shadow period of three weeks—usually takes place in the first quarter. The second extended placement of eight weeks generally takes place in the third quarter and, where possible, students are placed in schools in the Pretoria region. During the Teaching Practice/WIL period, students are fully engaged at the school and are supported and assessed by qualified mentor teachers and university lecturers.

The postgraduate Further Education and Training Phase (FET) Teaching programme has two options:

- **Option A:** One degree module passed at the third-year academic level (300) that corresponds with a relevant school subject, and a research project for students who do not qualify for a second teaching specialisation.
- **Option B:** Two different degree modules that are passed at the third-year academic level (300) and correspond with a relevant school subject (check programme modules).

**Closing date:** 30 June 2023 (subject to change)

### Who are the ideal candidates?

- Students who hold a National Qualifications Framework (NQF) Level 6/7 diploma/degree and are passionate about working in the education sector
- Full-time, dedicated and hardworking students who can study independently and have sufficient research skills

### Career opportunities

Educators, training officers and Technical Vocational and Training (TVET) College lecturers

### What makes this programme unique?

- This programme allows students without a BEd degree, but with a one-year NQF Level 7 qualification, to enter the education sector.
- It is accredited by the South African Qualifications Authority (SAQA) and conforms to the Council on Higher Education (CHE) and Department of Higher Education and Training (DHET) policy provisions.
