Postgraduate Certificate in Education (PGCE): Senior Phase and Further Education and Training Teaching

Make today matter

An appropriate bachelor's degree or accredited and approved diploma is required for all the programmes. All prospective students who hold a 360-credit diploma have to provide evidence that their diplomas have been approved and accredited by the Department of Higher Education and Training. The PGCE consists of academic and teaching practice components. The academic learning components are presented as integrated modules during which students construct a practice theory of and for education.

The academic components run throughout the year. For the Teaching Practice/Work-integrated Learning (WIL) component, the Faculty places students in partner schools. The first placement for a three-week shadow period usually takes place in the first quarter. The second extended placement of between three and eight weeks generally takes place in the third quarter and, where possible, students are placed in schools in the Pretoria region. During the Teaching Practice/WIL period students are fully engaged at the schools and are supported and assessed by qualified mentor teachers and university lecturers.

One (or more) degree modules passed at the second-year academic level (200) must correspond with one or more relevant subjects at the school level for Senior Phase, and one or more other/different degree modules passed at the third-year academic level (300) must correspond with a relevant school subject in Further Education and Training Phase Teaching (check programme modules).

Closing date: 30 June 2023 (subject to change)

Who are the ideal candidates?

- Students with an NQF Level 6/7 qualification or a diploma/degree who are passionate about working in the education sector.
- Full-time, dedicated and hardworking students who can study independently and have sufficient research skills.

Career opportunities

Educators, training officers and TVET College lecturers

What makes this programme unique?

- This programme allows students without a BEd degree, but with a one-year NQF Level 7 qualification, to enter the education sector.
- It is accredited by the South African Qualifications Authority (SAQA) and conforms to the Council on Higher Education (CHE) and Department of Higher Education and Training (DHET) policy provisions.
