Higher Certificate in Sports Sciences [part-time online]

Make today matter

The purpose of the fully online Higher Certificate in Sports Sciences is to develop coaches who can function successfully in an interdisciplinary environment to improve athletes' and sports teams' performances using the latest techniques. The qualification also serves to provide students with the basic introductory knowledge, cognitive and conceptual tools, and practical techniques for higher education studies in sports sciences. It emphasises selected general principles together with more specific procedures and their application.

On completion of this qualification, students will have knowledge, skills and values related to the scope of physical education and sports coaching required to develop sporting codes for extramural programmes. This will prepare students for employment as trainers and coaches in various sporting codes, in the private and public sectors in the context of community sports clubs, school sports and sports coaching.

Benefits of studying online

- Guided learning in the comfort of your home.
- Pay as you progress
- Begin during any one of the six starts during the year
- Quality, accredited University of Pretoria education

What makes this programme unique?

The Higher Certificate in Sports Sciences is accessible to anybody with an interest in sports. This programme allows professional athletes, administrators, and school or club coaches the opportunity to complete a qualification to equip them for the job. It also provides students who want to pursue a qualification beyond a Higher Certificate with a pathway to do so.

Overview of the programme

- 11 Modules
- Module duration: 8 weeks (7 weeks of study, 1 week recess)
- Programme duration: 2 years

When starting this programme, a student will need to pay for two modules, the second being the Sports Practical module that runs concurrently with the first six modules of the programme. From the second module start onwards, a student will only pay for one 8-week module at a time as they progress.

You will learn:

- To organise and manage school and club sports events
- Skills and values related to physical education and sports coaching
- How to develop sporting codes and extramural programmes
- The knowledge to be employed as a trainer and coach in various sporting codes
- Expertise to participate in private and public sporting codes
- Proficient coaching skills in community, club, and school sports
