UNIVERSITY OF PRETORIA  
CONFERENCE CENTRE OF THE UNIVERSITY OF PRETORIA  
28 FEBRUARY – 02 MARCH 2014

The Department of Paediatrics and Child Health at the University of Pretoria would like to invite you to attend our latest UPdate in 2014. From the 28th February to 2 March we will be hosting our annual CME meeting to address the latest issues facing Paediatricians in Private Practice in South Africa.

The workshop on Paediatric Radiology should be very useful to all Paediatricians because we will focus on interpreting both plain x-rays and CT scans of the chest in children. Our Pulmonology session will highlight items from some of our colleagues in Private Practice, namely Despina Demopolous and Andre van Niekerk. I believe it is important to have private practitioners, give us some insights into the real world of Paediatrics and share some thoughts on how to do things better for our private patients.

We also have a workshop on palliative care addressing problems facing those of us who have chronically ill patients. The trauma of life-threatening diseases involves us all and we have to deal with end of life decisions. This should be very helpful to all of us.

The rest of the programme includes sessions on, infectious diseases, nephrology, cardiology, neurology and common paediatric problems including topics e.g ethics around the use of blood products, new definitions in malnutrition, an update on interventional cardiology, perinatal tuberculosis, pearls in paediatric neurology, auto-immune encephalitis, a common devastating problem and many more.

Prof. Robin Green  
Chairperson

UNIVERSITY OF PRETORIA

28 FEBRUARY – 02 MARCH 2014

Friday 28 February 2014

WORKSHOPS			
13h00 – 14h00	REGISTRATION		Foyer
SESSION 1			
Palliative care		Chair - A Terblanche	
Imaging of the Chest		Chairs – R Green / H Gongxeka	
Venue	SANLAM AUDITORIUM	LAW L1-30.1 and L1-34	
14h00 – 15h30	Alternative routes of administration in the terminally ill child Pain Control Ethics and communication M Meiring D Cameron	14h00 – 14h30	Chest x-ray technical aspects of quality R Pitcher
		14h30 – 15h00	Chest x-ray and lung pathology H Gongxeka
		15h00 – 15h30	The CT chest anatomy revisited R Pitcher
15h30 – 16h00	REFRESHMENTS – EXHIBITION AREA: RECEPTION	15h30 – 15h50	REFRESHMENTS – EXHIBITION AREA: RECEPTION
SESSION 2			
Palliative care		Chair - A Terblanche	
Interpretation and utility of diagnostic tools		Chairs - R Masekela / A Pentz	
16h00 – 17h00	Minimise medical trauma M Yssel	15h50 – 16h20	Metabolic lung imaging in Paediatrics past, present and future M Sathekge
		16h20 – 16h40	Diagnosis of bronchiectasis on the CT chest: are there any limitations? R Masekela
		16h40 – 17h10	The role of nuclear medicine tests in the diagnosis of GERD: are there any limitations? M Sathekge

28 FEBRUARY – 02 MARCH 2014

**Saturday 01 March 2014**

BREAKFAST SYMPOSIUM SPONSORED BY GENZYME: TREATABLE RARE DISORDERS		
07h45 – 07h55	Rare Disease Society	K du Plessis
07h55 – 08h20	An approach to the diagnosis and treatment of Pompe Disease	M Lippert
08h20 – 08h45	An approach to the diagnosis and treatment of Gaucher Disease	B Henderson
08h00 – 08h50	REGISTRATION	Foyer
Venue	SANLAM AUDITORIUM	
08h50 – 09h00	Opening address	R Green
SESSION I PULMONOLOGY Chair - R Green		
09h00 – 09h30	A practical approach to the child with recurrent RTI's	A van Niekerk
09h30 – 10h00	Ventilating sick kids – Tricks of the trade	D Demopolous
10h00 – 10h30	Cystic fibrosis update	R Masekela
10h30 – 11h00	REFRESHMENTS – EXHIBITION AREA: RECEPTION	
SESSION II INFECTIOUS DISEASES Chair - N du Plessis		
11h00 – 11h30	HIV treatment as prophylaxis: PMTCT and PEP updates	A Glass
11h30 – 12h00	Perinatal tuberculosis	N du Plessis
12h00 – 12h30	Collateral damage in viral exanthems	K Richter
12h30 – 13h30	LUNCH – EXHIBITION AREA: RECEPTION	
SESSION III NEPHROLOGY Chair - I van Biljon		
13h30 – 14h00	Antenatal diagnosis of congenital abnormalities of the kidney and urogenital tract (CAKUT)	S Adam
14h00 – 14h30	Role of the urologist in the management of CAKUT	I van Heerden
14h30 – 15h00	Medical management, morbidity and prognosis of infants with CAKUT	M McCulloch
15h00 - 15h30	REFRESHMENTS – EXHIBITION AREA: RECEPTION	
SESSION IV NEUROLOGY Chair - I Smuts		
15h30 – 16h00	Pearls in Paediatric Neurology	M Lippert
16h00 – 16h30	Lessons from a case study	P Snyman
16h30 – 17h00	Auto-immune encephalitis	E Lubbe
