

RESEARCH FLOW

MPA 1: Compulsory Subject – NME 801: Research Methodology (Year 1 of study)

- Practical assignment – Research Proposal for mini-dissertation
- Assessment and feedback – Make adjustments and amendments derived from feedback

STEP 1: Student:

- Year 2 – February: Register for PAD 898, submit draft Research Proposal, MoA and Ethical Clearance to SPMA Postgraduate Administrator during the 1st week of a month (see regulation for completion of the MPA degree)
- Postgraduate Committee considers the draft Research Proposal and appointment of supervisor (no submission June/Nov exam and Dec/Jan recess period)
- Conduct research and compile draft chapters for consideration – (no submission to supervisor during June/Nov exam and Dec/Jan recess period)

STUDENT RESPONSIBLE FOR CONTINUOUS INTERACTION WITH SUPERVISOR VIA APPOINTMENT

STEP 2: Student:

- Obtain SPMA supervisor's approval for submission and 1st formal submission to SPMA Postgraduate Administrator (1st week of April for May examination and 1st week of September for October examination)
- Submit 2 bound hard copies of the mini-dissertation

STEP 3: SPMA:

- Postgraduate Committee: Appointment of examiners
- Distribute copies of mini-dissertation to examiners

STEP 4: Examiners:

- Review mini-dissertation – 1 month (May/Oct – 6 weeks allowed)
- Submit examiner's report/examination forms to SPMA Postgraduate Administrator (Postgraduate Committee) by middle of June/December – final results to EMS Faculty Administration

Recommendation 1:

- Accept with no adjustments

Recommendation 2:

- Accept, but request smaller adjustments
- Adjust in consultation with supervisor and submit to SPMA Administrator

Recommendation 3:

- Refer back for revision and re-submission
- Repeat steps 2 - 4
- Move to next graduation cycle - possibility for re-registration

Recommendation 4:

- Reject mini-dissertation
- Re-registration
- Restart with step 1

Student: Final editing in consultation with supervisor

AWARD DEGREE
