

The South African Academy of Engineering

invites you to a presentation

The BLOODHOUND Supersonic Car Inspiring the next generation

by

Dave Rowley

The BLOODHOUND SSC Project is an attempt at the World Land Speed Record. The car will arrive in South Africa in 2013 and will run at Hakskeen Pan in the Northern Cape, the only track in the world where a car can run at 1,610 km/h.

When: Wednesday 30 May 2012

Time: 19h00

Venue: Lecture Hall 3, Entrance on Level 5, Engineering Building 3, University of Pretoria

Directions: Parking is available in the public parking garage on the first three levels of Engineering Building 3. Access is from University Road only (use left lanes after turning into the campus). Use stairway or lift to go to Level 5.
