Regarding sexual harassment claim against Professor Cunningham

The Board of Directors has decided not to pursue the claims against Professor Cunningham any further. Regarding last year's dispute involving Ms Purtunetia and a student, it has been determined that the matter is distinguishable and a dismissal is not an appropriate remedy.

We sympathise with Ms Loriette Botha for her unfortunate experience as here at Cope Rictus University we take sexual harassment very seriously; however an internal investigation has determined that an apology from Professor Cunningham is sufficient.

We hope that you continue to excel under the guidance of our excellent faculty members.

Kind Regards,
Cope Rictus University
Board of Directors
