Graphed results of first collection- 23 & 26 May 2011

NOTE:

- Hoerskool Waterkloof and Ribane-Laka are no longer participants. However Lompec School has joined the party.
- The categories formed are based on the number of pupils in each school to give every school a relatively fair chance. This means that there will be three winners (one in each category) and the overall prize money has to be reduced a bit to accomodate all three prize winners.

School positions according to the category they fall in

| Category (no. of pupils) | | 1000 and above | 500 to 999 | 499 and less |
|--------------------------|----|--------------------------|---------------------|-----------------------|
| Position | 1. | Ramahlale Primary | Rethakgetse Primary | Lompec School |
| | 2. | Bula-Dikgoro Primary | Balebogeng Primary | Bohlabatsatsi Primary |
| | 3. | Meetsi A Bophelo Primary | | Zamintuthuko Primary |
| | 4. | | | Tshimollo Primary |
| | 5. | | | Zakhele Primary |
| | 6. | | | Moretele Primary |

So there is approximately a week left over until the final collection. You know who your competition is and how much they have. Therefore aim for double that amount to be safe. It is on. Go big or go home!!! Goodluck.
