Period of presentation	Year

Module content

The execution of a mini-dissertation tests students' ability to practice and conduct independent research. The research project is based on a topic in the field of clinical psychology and is completed under supervision of a study leader (a registered clinical psychologist) or an approved expert on the subject of choice. The students are also trained in research methodology during the process of the development of the research proposal.

The information published here is subject to change and may be amended after the publication of this information. The [General Regulations \(G Regulations\)](#) apply to all faculties of the University of Pretoria. It is expected of students to familiarise themselves well with these regulations as well as with the information contained in the [General Rules](#) section. Ignorance concerning these regulations and rules will not be accepted as an excuse for any transgression.
