<b>Period of presentation</b>	Semester 1

### Module content

This module provides a strong underpinning to the theoretical concepts of recreation and leisure in societies. Foundations of recreation and leisure, the multifaceted delivery systems and diverse service areas of recreation are identified, characterised and discussed in contemporary contexts. The power, promise, potential and possibilities of recreation and leisure in society are explained and illustrated practically. In this module students obtain an accredited community recreation leadership certificate to provide a foundation for subsequent community engagement and academic service learning components.
