Module content

A subject chosen by the learner is researched independently. The nature of the study should be such that a significant contribution can be made to existing scientific knowledge in the field of criminology. A comprehensive and advanced report on an approved project must be compiled. Other requirements: Expert, highly specialised and advanced research, both across the major discipline and interdisciplinary. Planning, resourcing, managing, and optimising all aspects of processes engaged in, within complex and unpredictable contexts. The utilisation of computer programmes for analysis and/or report writing is assumed as well as scientific leadership.

The information published here is subject to change and may be amended after the publication of this information. The General Regulations (G Regulations) apply to all faculties of the University of Pretoria. It is expected of students to familiarise themselves well with these regulations as well as with the information contained in the General Rules section. Ignorance concerning these regulations and rules will not be accepted as an excuse for any transgression.
