Research design 795 (GIA 795)

Qualification	Postgraduate
Faculty	Gordon Institute of Business Science
Module credits	16.00
Programmes	PGDip Business Administration Business Studies
Contact time	24 Hours
Language of tuition	Module is presented in English
Academic organisation	Gordon Institute of Business S
Period of presentation	Semester 1 or Semester 2

Module content

This module helps students to conceptualise a research design. It covers how the choice of a research design relates to the chosen analytic method (Qualitative Research, Quantitative Research or Mixed Methods). Students are expected to relate the research question to the research design and to justify the selection of a given design for a given problem. The objectives of the module are to help students: make informed decisions about their research design; and understand the implications of selecting a given research design in particular around the research questions that can be answered.

The information published here is subject to change and may be amended after the publication of this information. The [General Regulations \(G Regulations\)](#) apply to all faculties of the University of Pretoria. It is expected of students to familiarise themselves well with these regulations as well as with the information contained in the [General Rules](#) section. Ignorance concerning these regulations and rules will not be accepted as an excuse for any transgression.
