Duration of study 3 years

Total credits 386

Contact Prof LH Human lourens.human@up.ac.za +27 (0)124206039

Programme information

This three-year full-time programme is aimed at those interested in careers in the sport and leisure industries. A broad knowledge base provides graduates with understanding and skill sets to interrogate, create, promote, lead and manage the potential, promise, possibilities and power of contemporary globalised sport and leisure. Students are guided toward specialisation in the areas of sports management, sports psychology, sport and leisure in society, or sports coaching sciences. This will prepare graduates for employment in public or private sectors in contexts of commercialised and professional sport, sports development, community development and mass participation, sports coaching and facilitating psycho-social wellness through sport and leisure.

On completion of this specialisation area, a graduate will have the knowledge and skill sets to facilitate learning within both the recreation and competitive sports contexts. Graduates may find employment in private and public sectors as sports coaches, sports movement developers, franchise holders in movement development and sports development managers.

Closing date: 30 September annually.

Admission requirements

- The following candidates will be considered for admission: a candidate who is in possession of a certificate that is deemed by the University to be equivalent to the required Grade 12 certificate with university endorsement ; a candidate who is a graduate from another tertiary institution or has been granted the status of a a graduate of such a institution;and a candidate who is a graduate of another faculty of the University of Pretoria.
- Candidates who achieved an APS of 30 in Grade 11 and comply with the minimum subject requirements and achievement levels of these study programmes will automatically be granted placement in the study programmes, subject to the availability of space.
- The above-mentioned is not applicable to selection programmes.
- To retain admission, learners will be expected to obtain an APS of at least 28 in Grade 12.
- Prospective students who have already been granted provisional admission in these study programmes, but obtained at least an APS of 27 in Grade 12, will be considered by the Admission Committee should space be available.
- The Admission Committee of the Faculty of Humanities will consider these students once the results of the National Benchmark Test (NBT) are available and depending on the availability of space.
- The Faculty will assess satisfactory performance in the NBT in the light of its commitment to ensure that an appropriate proportion of the applicants will be drawn from the historically disadvantaged category of the

population.

- Applicants with an APS of 30 but who do not comply with the subject requirements must write the NBT.
- Life Orientation is excluded when calculating the APS.

Other programme-specific information

A student may, in consultation with the programme manager, replace SLK with a recognised school subject from the belowmentioned list.

The following school-aligned elective modules are available for the programme:

Afrikaans:

AFR 110,114,120 [12 each]

African Languages:

For speakers of isiNdebele as home language or first or second additional language:

AFT 121, NDE 110 [12 each]

Sepedi for beginners:

SEP 110, SEP 120 [12 each]

For speakers of Sepedi as home language or first or second additional language:

AFT 121, SEP 111 [12 each]

IsiZulu for beginners:

ZUL 110, ZUL 120 [12 each]

For speakers of isiZulu as home language or first or second additional language:

AFT 121, ZUL 111 [12 each]

English:

ENG 110,120 [12 each]

Historical and Heritage Studies:

GES 110,120 [12 each]

Modern European Languages:

DTS 104 [24] 113,123 [12 each]

FRN 104 [24] 113,123 [12 each]

Faculty of Natural and Agricultural Sciences:

Geography, Geoinformatics and Meteorology: ENV 101,301 GGY 156,166, WKD 164.

Mathematics: WTW 114, 126, 128

Faculty of Economic and Management Sciences:

Economics: EKN 110, 120

Please note: Consult the yearbook of the relevant faculty that offers these disciplines regarding the credit values, presentation modes and possible prerequisites

Students who are deemed to be at risk of their level of academic literacy are compelled to take ALL 110 and ALL 125.

Students who are deemed NOT to be at risk of their level of academic literacy are compelled to take language modules to the value of 12 credits from the list of language modules (see Academic literacy).

Notes:

- a. Students will be required to obtain an accredited Level 0/1 Coaching Certificate in one sport of choice in YCS 120 at their own cost as part of the degree requirements. A sports coaching certificate can be obtained from any recognised National Sport Federation (NSF) in South Africa. Practical demonstration and application of sports coaching skills could be done on and off campus.
- b. Students will be required to obtain a Community Recreation Leader Certificate in YSL 110 at their own cost as part of the degree requirements. The department will make arrangements in this regard.

Academic literacy

The academic literacy of all students who enrol at the University of Pretoria for the first time and all new students enrolling with the Faculty of Humanities for the first time will be assessed at the start of the academic year by means of their NSC marks.

1. Students following a degree programme in English: The NSC Grade 12 English mark will be used to determine whether students in the Faculty of Humanities should register for the academic literacy modules (ALL 110 and ALL 125 in English):
 - Home Language: Students with a 4 or lower register for ALL 110 and ALL 125.
 - First Additional Language: Students with a 5 or lower register for ALL 110 and ALL 125.
2. Students following a degree programme in Afrikaans: The NSC Grade 12 Afrikaans mark will be used to determine whether students in the Faculty of Humanities should register for the academic literacy modules (VAG 110 and VAG 125 in Afrikaans):
 - Home Language: Students with a 4 or lower register for VAG 110 and VAG 125.

All students in the Faculty of Humanities who are identified as being at risk in terms of their level of academic literacy, are compelled to obtain at least 12 credits in the academic literacy modules ALL 110 or VAG 110 and ALL 125 or VAG 125.

All students in the Faculty of Humanities who are not at risk in terms of their level of academic literacy, are compelled to obtain at least 12 credits in language modules:

Department of English

ENG 110 Introduction to literature in English (I)

ENG 120 Introduction to literature in English (II)

ENG 118 English for specific purposes

Departement Afrikaans

AFR 110 Afrikaanse taalkunde en letterkunde

Period of presentation Semester 2

Module content

Apply effective search strategies in different technological environments. Demonstrate the ethical and fair use of information resources. Integrate 21st-century communications into the management of academic information.

Academic literacy 110 (ALL 110)

Module credits 6.00

Service modules

Faculty of Health Sciences
Faculty of Theology

Prerequisites No prerequisites.

Contact time 2 lectures per week

Language of tuition Module is presented in English

Academic organisation Unit for Academic Literacy

Period of presentation Semester 1

Module content

This module intends to equip students to cope more confidently and competently with the reading and understanding of a variety of texts, to apply these skills in a variety of contexts and to follow the conventions of academic writing.

Academic literacy for Humanities 125 (ALL 125)

Module credits	6.00
Service modules	Faculty of Health Sciences
Prerequisites	No prerequisites.
Contact time	2 lectures per week
Language of tuition	Module is presented in English
Academic organisation	Unit for Academic Literacy
Period of presentation	Semester 2

Module content

This module equips students to understand and use a range of discipline-specific terminology; apply the strategies of critical and comprehensive reading to their own academic literacy; apply the conventions of academic writing to their own writing, using the process approach, to produce intelligible academic texts and use the correct referencing technique as required by the faculty.

Academic orientation 101 (UPO 101)

Module credits	0.00
Prerequisites	No prerequisites.
Language of tuition	Afrikaans and English is used in one class
Academic organisation	Humanities Dean's Office
Period of presentation	Year

Core modules

Foundations of recreation and sports management 110 (SRM 110)

Module credits	12.00
Service modules	Faculty of Economic and Management Sciences Faculty of Health Sciences
Contact time	3 lectures per week
Language of tuition	Afrikaans and English is used in one class
Academic organisation	Sport and Leisure Studies
Period of presentation	Semester 1

Module content

This module is a broad introduction to sport and recreation as products in the market. Students discover the nature of sport and recreation, the difference between the concepts and policies, plans, strategies and structures of sport and recreation in South Africa and Zone VI in Africa. The dynamic scope and nature of recreation and sports management are introduced and discussed. Emphasis is placed on basic management tasks and functions in sport and recreation contexts, interpersonal skills, leadership and control systems and techniques in sport and recreation. The module establishes a foundation of management knowledge and skills on which subsequent sport and recreation management modules are built.

Leadership in sport and recreation 120 (SRM 120)

Module credits	12.00
Service modules	Faculty of Economic and Management Sciences
Prerequisites	SRM 110
Contact time	3 lectures per week
Language of tuition	Afrikaans and English is used in one class
Academic organisation	Sport and Leisure Studies
Period of presentation	Semester 2

Module content

This module explores the difference between sports and recreation management and leadership and their application in sport and recreation. Selected classic and modern management and leadership theories are identified, described and compared in sport and recreation contexts. Students are guided towards selecting and demonstrating appropriate leadership styles and skills related to cross-cultural sport and recreation situations. Emphasis is placed on building leadership capacity through sport and recreation. This module establishes leadership competencies and confidence for subsequent academic service learning and community engagement activities.

Foundations of sports coaching sciences 110 (YCS 110)

Module credits	12.00
Service modules	Faculty of Health Sciences
Contact time	3 lectures per week
Language of tuition	Afrikaans and English is used in one class
Academic organisation	Sport and Leisure Studies
Period of presentation	Semester 1

Module content

This module identifies, defines and examines the underlying theoretical dimensions and practical principles of scientific sports coaching to provide a platform for subsequent knowledge and application in sports coaching contexts.

Teaching and learning in sport 120 (YCS 120)

Module credits	12.00
Service modules	Faculty of Health Sciences
Prerequisites	YCS 110
Contact time	3 lectures per week
Language of tuition	Afrikaans and English is used in one class
Academic organisation	Sport and Leisure Studies
Period of presentation	Semester 2

Module content

This module builds on the fundamental principles of sports coaching. It focuses on the processes and techniques of learning and teaching of skills within a sports paradigm. Methodological techniques as implemented by the coach in teaching and learning of sports skills are identified, discussed and applied. In this module the student gets the opportunity to obtain a Level 0/1 Sports Coaching certificate in a sport of choice.

Foundations of leisure and recreation 110 (YSL 110)

Module credits	12.00
Contact time	3 lectures per week
Language of tuition	Afrikaans and English is used in one class
Academic organisation	Sport and Leisure Studies
Period of presentation	Semester 1

Module content

This module provides a strong underpinning to the theoretical concepts of recreation and leisure in societies. Foundations of recreation and leisure, the multifaceted delivery systems and diverse service areas of recreation are identified, characterised and discussed in contemporary contexts. The power, promise, potential and possibilities of recreation and leisure in society are explained and illustrated practically. In this module students obtain an accredited community recreation leadership certificate to provide a foundation for subsequent community engagement and academic service learning components.

Sport in society 120 (YSL 120)

Module credits	12.00
Prerequisites	YSL 110
Contact time	3 lectures per week
Language of tuition	Afrikaans and English is used in one class
Academic organisation	Sport and Leisure Studies
Period of presentation	Semester 2

Module content

In this module the role and function of sport as a social phenomenon in society are discussed and explored from different perspectives. Contemporary issues and controversies within the world of sport are unpacked to equip students to recognise and contribute to discourses in the globalised world of sport.

Foundations of sport, exercise and performance psychology 110 (YSP 110)

Module credits 12.00

Service modules Faculty of Health Sciences

Contact time 3 lectures per week

Language of tuition Afrikaans and English is used in one class

Academic organisation Sport and Leisure Studies

Period of presentation Semester 1

Module content

In this module basic principles of sport, exercise and performance psychology are identified as basis for subsequent modules. Fundamental principles of motivation, activation, attention, personality and aggression and their role in sport, exercise and performance are identified, defined and discussed in diverse sport contexts.

Psychology of sport coaching 120 (YSP 120)

Module credits 12.00

Service modules Faculty of Health Sciences

Prerequisites YSP 110

Contact time 3 lectures per week

Language of tuition Afrikaans and English is used in one class

Academic organisation Sport and Leisure Studies

Period of presentation Semester 2

Module content

This module introduces the basic principles, dynamics and skills involved in the psychology of sport coaching. Different roles of the coach as leader, motivator, facilitator and communicator are identified and explained from a psychological perspective. In this module the psychological principles constituting the development of children through sport and coaching will be explored and interpreted. The growth principles will be integrated with all the different life phases.

Period of presentation Quarter 2

Module content

This module begins by fostering an understanding of human geography. Then follows with the political ordering of space; cultural diversity as well as ethnic geography globally and locally; population geography of the world and South Africa: and four economic levels of development. The purpose is to place South Africa in a world setting and to understand the future of the country.

Southern African geomorphology 166 (GGY 166)

Module credits 8.00

Service modules Faculty of Engineering, Built Environment and Information Technology
Faculty of Education
Faculty of Humanities
Faculty of Health Sciences

Prerequisites No prerequisites.

Contact time 4 lectures per week

Language of tuition Module is presented in English

Academic organisation Geography, Geoinf + Meteor

Period of presentation Quarter 3

Module content

Investigating southern African landscapes and placing them in a theoretical and global context. The geomorphological evolution of southern Africa. Introduction to the concepts of Geomorphology and its relationships with other physical sciences (e.g. meteorology, climatology, geology, hydrology and biology). The processes and controls of landform and landscape evolution. Tutorial exercises cover basic techniques of geomorphological analysis, and topical issues in Geomorphology.

Introduction to isiNdebele Grammar - Capita selecta 110 (NDE 110)

Module credits	12.00
Service modules	Faculty of Engineering, Built Environment and Information Technology Faculty of Education
Prerequisites	No prerequisites.
Contact time	2 lectures per week
Language of tuition	Module is presented in IsiNdebele
Academic organisation	African Languages
Period of presentation	Semester 1

Module content

For speakers of isiNdebele as home language or first or second additional language.

Aspects of the grammar of isiNdebele such as an introduction to the word categories; an introduction to the structure, meaning and use of the noun, the adjective, the relative, the possessive; the verb; writing and spelling rules; dictionaries and dictionary use; grammatical analysis.

Sepedi for beginners 110 (SEP 110)

Module credits	12.00
Service modules	Faculty of Education Faculty of Health Sciences
Prerequisites	No prerequisites.
Contact time	2 lectures per week, 1 discussion class per week
Language of tuition	Afrikaans and English is used in one class
Academic organisation	African Languages
Period of presentation	Semester 1 and Semester 2

Module content

*For absolute beginners only.

*Only students from the School of Healthcare Sciences may take this module during semester 2. All other students must take this module during semester 1. Also note that students from the School of Healthcare Sciences, who already possess the language skills taught in this module, may write an exemption examination. The acquisition of basic Sepedi communicative skills with emphasis on everyday expressions and suitable high frequency vocabulary, within specific social situations.

Sepedi 120 (SEP 120)

Module credits	12.00
Service modules	Faculty of Education
Prerequisites	SEP 110
Contact time	1 discussion class per week, 2 lectures per week
Language of tuition	Afrikaans and English is used in one class

Academic organisation African Languages

Period of presentation Semester 2

Module content

Sepedi - communication and grammar

The acquisition of more advanced communication skills in further social situations. More extensive vocabulary and more advanced language structures are acquired and used. Further awareness of the nature and function of language structures. Writing and spelling rules. Dictionaries and dictionary use. Reading and comprehension of basic texts.

Psychology 110 (SLK 110)

Module credits 12.00

Service modules Faculty of Engineering, Built Environment and Information Technology
Faculty of Education
Faculty of Health Sciences
Faculty of Natural and Agricultural Sciences

Prerequisites No prerequisites.

Contact time 2 discussion classes per week, 2 lectures per week

Language of tuition Separate classes for Afrikaans and English

Academic organisation Psychology

Period of presentation Semester 1

Module content

This module is a general orientation to Psychology. An introduction is given to various theoretical approaches in Psychology, and the development of Psychology as a science is discussed. Selected themes from everyday life are explored and integrated with psychological principles. This module focuses on major personality theories. An introduction is given to various paradigmatic approaches in Psychology.

Psychology 120 (SLK 120)

Module credits 12.00

Service modules Faculty of Engineering, Built Environment and Information Technology
Faculty of Education
Faculty of Health Sciences
Faculty of Natural and Agricultural Sciences

Prerequisites No prerequisites.

Contact time 2 lectures per week, 2 discussion classes per week

Language of tuition Separate classes for Afrikaans and English

Academic organisation Psychology

Period of presentation Semester 2

Module content

This module introduces the student to a basic knowledge and understanding of the biological basis of human behaviour. The module addresses the key concepts and terminology related to the biological subsystem, the rules and principles guiding biological psychology, and identification of the interrelatedness of different biological systems and subsystems. In this module various cognitive processes are studied, including perception, memory, thinking, intelligence and creativity. Illustrations are given of various thinking processes, such as problem solving, critical, analytic and integrative thinking.

Setswana for beginners 110 (STW 110)

Module credits	12.00
Prerequisites	No prerequisites.
Contact time	2 lectures per week, 1 discussion class per week

Prerequisites	STW 110
Contact time	1 discussion class per week, 2 lectures per week
Language of tuition	Afrikaans and English is used in one class
Academic organisation	African Languages
Period of presentation	Semester 2

Module content

Setswana – communication and grammar

The acquisition of more advanced communication skills in further social situations. More extensive vocabulary and more advanced language structures are acquired and used. Further awareness of the nature and function of language structures. Writing and spelling rules. Dictionaries and dictionary use. Reading and comprehension of basic texts.

Climate and weather of Southern Africa 164 (WKD 164)

Module credits	8.00
-----------------------	------

Service modules Faculty of Education
Faculty of Humanities

Prerequisites No prerequisites.

Contact time 4 lectures per week

Language of tuition Module is presented in English

Academic organisation Geography, Geoinf + Meteor

Period of presentation Quarter 4

Module content

An introduction to the climate and general seasonal climatic circulation patterns of Southern Africa. Basic weather types and weather processes within the Southern African context. Interpretation of synoptic maps and synoptic station reports. Impacts of climate change and extreme climate events on society.

*BSc (Geography) and BSc (Environmental Sciences) students may register for WKD 155. Students are not allowed to earn credits for both WKD 155 and WKD 164.

isiZulu for beginners 110 (ZUL 110)

Module credits 12.00

Service modules Faculty of Education
Faculty of Health Sciences

Prerequisites No prerequisites.

Contact time 1 discussion class per week, 2 lectures per week

Language of tuition Afrikaans and English is used in one class

Academic organisation African Languages

Period of presentation Semester 1 and Semester 2

Module content

*For absolute beginners only

*Only students from the School of Healthcare Sciences may take this module during semester 2. All other students must take this module during semester 1. Students from the School of Healthcare Sciences, who already possess the language skills taught in this module, may write an exemption examination.

The acquisition of basic isiZulu communicative skills with emphasis on everyday expressions and suitable high frequency vocabulary, within specific situations.

isiZulu 120 (ZUL 120)

Module credits 12.00

Service modules Faculty of Education

Prerequisites ZUL 110

Contact time 1 discussion class per week, 2 lectures per week

Language of tuition Afrikaans and English is used in one class

Academic organisation African Languages

Period of presentation Semester 2

Module content

isiZulu - communication and grammar

The acquisition of more advanced communication skills in further social situations. More extensive vocabulary and more advanced language structures are acquired and used. Further awareness of the nature and function of language structures. Writing and spelling rules. Dictionaries and dictionary use. Reading and comprehension of basic texts

Introduction to environmental sciences 101 (ENV 101)

Module credits 8.00

Service modules Faculty of Engineering, Built Environment and Information Technology
Faculty of Education
Faculty of Humanities

Prerequisites No prerequisites.

Contact time 3 lectures per week

Language of tuition Module is presented in English

Academic organisation Geography, Geoinf + Meteor

Period of presentation Quarter 1

Module content

Introducing the basic concepts and interrelationships required to understand the complexity of natural environmental problems, physical and human environment, human induced environmental problems, the ways in which the natural environment affects human society and biodiversity, an introduction to major environmental issues in Southern Africa and sustainable development in the context of environmental issues.

African languages literature: Capita selecta 121 (AFT 121)

Module credits 12.00

Service modules Faculty of Engineering, Built Environment and Information Technology
Faculty of Education

Prerequisites NDE 110/SEP 111/ZUL 111/STW 111

Contact time 2 lectures per week

Language of tuition Module presented in English and African Language

Academic organisation African Languages

Period of presentation Semester 2

Module content

Aspects of the literature of isiNdebele/isiZulu/Sepedi/Setswana such as an introduction to literary concepts such as literary text(s), topic, characters, events, time and place; the analysis of selected short stories.

Introduction to Sepedi grammar - Capita Selecta 111 (SEP 111)

Module credits 12.00

Service modules Faculty of Engineering, Built Environment and Information Technology
Faculty of Education

Prerequisites No prerequisites.

Contact time 2 lectures per week

Language of tuition Module is presented in Sepedi

Academic organisation African Languages

Period of presentation Semester 1

Module content

*For speakers of Sepedi as home language or first or second additional language.

Aspects of the grammar of Sepedi such as an introduction to the word categories; an introduction to the structure, meaning and use of the noun, the adjective, the relative, the possessive; the verb; writing and spelling rules; dictionaries and dictionary use; grammatical analysis.

Introduction to isiZulu grammar - Capita selecta 111 (ZUL 111)

Module credits 12.00

Service modules Faculty of Engineering, Built Environment and Information Technology
Faculty of Education

Prerequisites No prerequisites.

Contact time 2 lectures per week

Language of tuition Module is presented in isiZulu

Academic organisation African Languages

Period of presentation Semester 1

Module content

*For speakers of isiZulu as home language or first or second additional language.

Aspects of the grammar of isiZulu such as an introduction to the word categories; an introduction to the structure, meaning and use of the noun, the adjective, the relative, the possessive; the verb; writing and spelling rules; dictionaries and dictionary use; grammatical analysis.

Introduction to Setswana grammar - capita selecta 111 (STW 111)

Module credits 12.00

Contact time 2 lectures per week

Language of tuition Module is presented in Setswana

Academic organisation African Languages

Period of presentation Semester 1

Module content

*For speakers of Setswana as home language or first or second additional language. Aspects of the grammar of Setswana such as an introduction to the word categories; an introduction to the structure, meaning and use of the noun, the adjective, the relative, the possessive; the verb; writing and spelling rules; dictionaries and dictionary use; grammatical analysis.

Curriculum: Year 2

Minimum credits: 128

Core modules

Sports facility and event management 210 (SRM 210)

Module credits	16.00
Service modules	Faculty of Economic and Management Sciences
Prerequisites	SRM 120
Contact time	3 lectures per week
Language of tuition	Afrikaans and English is used in one class
Academic organisation	Sport and Leisure Studies
Period of presentation	Semester 1

Module content

In this module the scope of sport and recreation facilities and events is identified and explored. Knowledge of basic management tasks acquired in previous modules is applied to plan and maintain sports facilities. Project management techniques are described and applied to managing sport and recreation events. The Act on Safety at Sport and Recreation events is analysed and applied to sport and recreation events. Special attention is given to the synergy between facilities and events, safety and risk management of sports facilities and events.

Business and governance of sport 220 (SRM 220)

Module credits	16.00
Service modules	Faculty of Economic and Management Sciences
Prerequisites	SRM 220
Contact time	3 lectures per week
Language of tuition	Afrikaans and English is used in one class
Academic organisation	Sport and Leisure Studies
Period of presentation	Semester 2

Module content

In this module sports business models are investigated and integrated with governance principles, legislation and business structures and applied in diverse sport and recreation contexts. Sports agencies, sports facilities as income generators and the role of women in the business of sport are debated. Relationships between financial decisionmaking and sports business effectiveness are explored and discussed.

Fundamentals of human movement 210 (YCS 210)

Module credits	16.00
Prerequisites	YCS 120
Contact time	3 lectures per week

Language of tuition Afrikaans and English is used in one class

Academic organisation Sport and Leisure Studies

Period of presentation Semester 1

Module content

In this module basic human anatomy, physiology and kinesiology knowledge and principles related to sports coaching are identified, discussed and applied.

Motor behaviour 220 (YCS 220)

Module credits 16.00

Prerequisites YCS 210

Contact time 3 lectures per week

Language of tuition Afrikaans and English is used in one class

Academic organisation Sport and Leisure Studies

Period of presentation Semester 2

Module content

This module builds on YCS 210 and recognises, explains and implements the principles, values and roles of motor control, motor development and motor learning in effective sports coaching.

Sport tourism 210 (YSL 210)

Module credits 16.00

Service modules Faculty of Economic and Management Sciences

Prerequisites YSL120

Contact time 3 lectures per week

Language of tuition Afrikaans and English is used in one class

Academic organisation Sport and Leisure Studies

Period of presentation Semester 1

Module content

This module presents an introduction to sport tourism from a tourist destination perspective. Concepts in sport tourism are defined, a timeline of the development of sport tourism and different sport tourism models, motivations for sport tourism involvement and forms of sport tourism are explored and discussed. The role and influence of government in sport tourism are analysed and critiqued. The impact of sport tourism on community development is examined through case studies.

Sport development 220 (YSL 220)

Module credits 16.00

Service modules Faculty of Economic and Management Sciences

Prerequisites YSL 210

Contact time	3 lectures per week
Language of tuition	Afrikaans and English is used in one class
Academic organisation	Sport and Leisure Studies
Period of presentation	Semester 2

Module content

In this module the student is orientated towards strategies and skills that develop both an active and winning nation to improve the health and wellness of the South African population through mass participation in sport and recreation. Knowledge and skills to detect, develop and retain talented athletes through sport development structures and systems are discussed. The Sport Academy system in South Africa and Zone VI in Africa are analysed and appropriate delivery strategies and structures are planned and designed. Students will also perform academic service through community engagement in diverse communities.

Applied sport psychology 210 (YSP 210)

Module credits	16.00
Prerequisites	YSP 120
Contact time	3 lectures per week
Language of tuition	Afrikaans and English is used in one class
Academic organisation	Sport and Leisure Studies
Period of presentation	Semester 1

Module content

In this module the basic psychological effectiveness, principles and skills of high performance in sport are identified, explained and applied in high-performance sport contexts. The role and value of psychological skills training, appropriate cognitive approaches, theoretical frameworks and different intervention strategies are explored, integrated and applied to develop mental toughness and optimise high performance in sport.

Psychology of well-being in sport 220 (YSP 220)

Module credits	16.00
Prerequisites	YSP 210
Contact time	3 lectures per week
Language of tuition	Afrikaans and English is used in one class
Academic organisation	Sport and Leisure Studies
Period of presentation	Semester 2

Module content

This module explores theories, research and practical applications of the psychology of well-being and critical issues such as injuries, burnout and drug abuse in sport. The recognition of a proactive approach to create, develop and implement positive psychological principles to build capacity for well-being in and through the use of sport, exercise and leisure activities. The interpretation of different rehabilitation strategies, principles and skills will be employed according to the need of the participant.

Curriculum: Final year

Minimum credits: 120

Core modules

Economics of sport and leisure 310 (SRM 310)

Module credits 30.00

Service modules Faculty of Economic and Management Sciences

Prerequisites SRM 220

Contact time 3 lectures per week

Language of tuition Afrikaans and English is used in one class

Academic organisation Sport and Leisure Studies

Period of presentation Semester 1

Module content

This module builds on the business and governance principles applied to sport and leisure industries and explores the basics of economic analysis and decision-making. It aims to explain and apply the supply-demand economic module underpinning individual and organisational leisure and sports behaviour. The economics of professional sports teams and sports franchises are examined. The module develops ability and techniques to calculate GDSP and economic impact of sport and recreation events, facilities, professional sports teams and sports franchises.

Value-based decision-making in sport and recreation 320 (SRM 320)

Module credits 30.00

Service modules Faculty of Economic and Management Sciences

Prerequisites SRM 310

Contact time 3 lectures per week

Language of tuition Afrikaans and English is used in one class

Academic organisation Sport and Leisure Studies

Period of presentation Semester 2

Module content

This module examines the theory and reality of cross-cultural value-based decision-making in sport and recreation. Relationships and potential conflict between diverse value paradigms and responsible decision-making are argued in mega sports events and specific sport and recreation contexts.

Theoretical frameworks in sport and exercise psychology 320 (YSP 320)

Module credits 30.00

Prerequisites YSP 310

Contact time 3 lectures per week

Language of tuition Afrikaans and English is used in one class

Academic organisation Sport and Leisure Studies

Period of presentation Semester 2

Module content

This module focuses on theoretical frameworks, paradigms and research methodologies in the context of sport and exercise psychology. The alignment of different research methodologies and psychological practices with the most prominent theoretical frameworks and paradigms in the field of sport and exercise psychology are explored, analysed and compared. The research process from the creation of the research question and the development of a meaningful research proposal in the field of sport and exercise psychology is interrogated and assessed. The critical analysis of existing research and practical case studies in the field of sport and exercise psychology will be developed and argued.

Biomechanics of sport 310 (YCS 310)

Module credits 30.00

Prerequisites YCS 220

Contact time 3 lectures per week

Language of tuition Afrikaans and English is used in one class

Academic organisation Sport and Leisure Studies

Period of presentation Semester 1

Module content

This module continues to build on the knowledge acquired in YCS 210 and YCS 220 and examines and appraises the biomechanical principles in sport. Analysis of forms of motion, observation techniques, linear and angular kinematics and kinetics and fluid dynamics as applied to sport are explored and evaluated.

Strength and conditioning in sport 320 (YCS 320)

Module credits 30.00

Prerequisites YCS 310

Contact time 3 lectures per week

Language of tuition Afrikaans and English is used in one class

Academic organisation Sport and Leisure Studies

Period of presentation Semester 2

Module content

In this module principles of strength and conditioning planning in the design of training programmes for diversified sport contexts are analysed and combined.

Psycho-social issues in sport 310 (YSP 310)

Module credits 30.00

Prerequisites YSP 220

Contact time	3 lectures per week
Language of tuition	Afrikaans and English is used in one class
Academic organisation	Sport and Leisure Studies
Period of presentation	Semester 1

Module content

In this module higher order thinking abilities and skills to critically analyse different social settings and issues in sport are developed. Social dynamics, theories and research related to sport, exercise and performance contexts are interpreted and implemented in sports contexts. Specific psycho-social aspects of team cohesion, the role of spectators, aggression and violence and other contemporary social issues in sport are discussed and critiqued.

Sport and leisure in community development 310 (YSL 310)

Module credits	30.00
Prerequisites	YSL 220
Contact time	3 lectures per week
Language of tuition	Afrikaans and English is used in one class
Academic organisation	Sport and Leisure Studies
Period of presentation	Semester 1

Module content

This module builds on fundamental knowledge and skills in leisure and recreation. Careful attention is given to dimensions of social and cultural capital and their relationship with sport and recreation, determining and appraising recreation needs of communities and the contribution of sport and recreation in community development and transformation in contexts of peace and development, education, health and youth-at-risk. Special emphasis is placed on the role of sports volunteers in developing social capital through citizenship values and life skills. The principles and criteria of the African Sport Transformation Charter are analysed and synthesised in community recreation programmes. The student will perform academic service learning through community engagement in diverse communities.

Sport, recreation and social change 320 (YSL 320)

Module credits	30.00
Prerequisites	YSL 320
Contact time	3 lectures per week
Language of tuition	Afrikaans and English is used in one class
Academic organisation	Sport and Leisure Studies
Period of presentation	Semester 2

Module content

This module builds on the role of sport and recreation in society. Principles of social change theories and models are reviewed and applied in sport and recreation contexts. Content of relevant international, regional and national goals, policies, declarations, charters and structures are analysed, critiqued and incorporated in the design of sport and recreation programmes and campaigns. Techniques and strategies are examined and applied to develop the potential of sport and recreation programmes in facilitating social change. The student is guided towards critical conceptual reflection and management of diversity in local and globalised sport and recreation contexts. This module contains an academic service learning component through community engagement.
