

University of Pretoria Yearbook 2017

BScHons Aerospace Medicine (10244024)

Duration of study	2 years
Total credits	120

Programme information

The following requirements are set:

- Advanced instruction by means of self-tuition, lectures and seminars.
- Students must pass the module TNM 800 Applied research methodology 800.
- Students must pass the module PHM 770 Learning in public health 770.
- Students must pass a research report (or project) that carries at least 30 credits.

Admission requirements

- A candidate must hold a bachelor's degree deemed acceptable by the head of department for the proposed field of study or an equivalent qualification deemed acceptable by the Senate of the University for the proposed field of study with at least one applicable biological subject as major subject.
- Admission to the study for an honours degree is subject to the approval of the head of department: with the
 proviso that a candidate who has obtained an average of less than 60% in the modules of his or her major
 subject in the final year of the bachelor's degree study may only be admitted with the **Dean's approval** on the
 recommendation of the head of department. Additional requirements may be set by the head of department.
- Candidates must have an MBChB or equivalent degree deemed acceptable by the head of the department.
- Candidates must be registered Aviation Medical Examiners.

Additional requirements

- Candidates must have an MBChB or equivalent degree deemed acceptable by the head of the department.
- Candidates must be registered Aviation Medical Examiners.

Examinations and pass requirements

- i. The individual modules in each field of study must all be passed with a mark of at least 50% in each module, before a student may graduate in that field of study.
- ii. Each field of study has a specified, externally moderated, summative assessment that must also be passed before the student may graduate.

Pass with distinction

The degree is conferred with distinction on a student who has obtained an average of at least 75% in the summative assessment, as well as an average of at least 75% for the remaining components of the curriculum (i.e. excluding the summative assessment mark).

Curriculum: Final year

Minimum credits: 120

The contact time for the research component LRG710 will comprise 16 hours during the 3 contact weeks. This honours degree cannot be completed in less than two (2) years.

Core modules

Aerospace medicine 700 (LRG 700) - Credits: 75.00 Primary epidemiology 773 (HME 773) - Credits: 10.00 Learning in public health 773 (PHM 773) - Credits: 5.00 Applied research methodology 700 (TNM 700) - Credits: 0.00
