Advanced One Health: policy 815 (AHE 815)

Qualification Postgraduate

Faculty [Faculty of Veterinary Science](#)

Module credits 12.00

Programmes [MSc Tropical Animal Health \(Coursework\)](#)

Prerequisites No prerequisites.

Language of tuition Module is presented in English

Department Veterinary Tropical Diseases

Period of presentation Semester 1

Module content

(elective)

Policy is generally defined as a plan of action on the part of a government, business or other organisation intended to influence decisions and actions in a particular direction. This module introduces the key principles in policy making in regard to animal health and trade in livestock or livestock products. It will consider the essentials of “effective” policy creation, the role of science and uncertainty in policy, policy analysis and the role of government versus the private sector in animal health.

The information published here is subject to change and may be amended after the publication of this information. The [General Regulations \(G Regulations\)](#) apply to all faculties of the University of Pretoria. It is expected of students to familiarise themselves well with these regulations as well as with the information contained in the [General Rules](#) section. Ignorance concerning these regulations and rules will not be accepted as an excuse for any transgression.
