Faculty	Faculty of Natural and Agricultural Sciences
Module credits	10.00
Programmes	BScHons Wildlife Management
Prerequisites	No prerequisites.
Contact time	1 discussion class per month, 1 lecture per week
Language of tuition	Module is presented in English
Department	Animal and Wildlife Sciences
Period of presentation	Year

Module content

The most important techniques applicable to wildlife management and wildlife research are discussed. The principles, applications and restrictions of the following are discussed amongst others: wildlife counts, age determination, age and sex ratios, translocation of animals, chemical immobilisation, mechanical capture techniques, transport of wildlife, land-use, predator control and predator-prey studies.

The information published here is subject to change and may be amended after the publication of this information. The [General Regulations \(G Regulations\)](#) apply to all faculties of the University of Pretoria. It is expected of students to familiarise themselves well with these regulations as well as with the information contained in the [General Rules](#) section. Ignorance concerning these regulations and rules will not be accepted as an excuse for any transgression.
