MPhil Ontginningsbedryfsbeleid, -bestuur en -regulasie (Gedoseer) (04251027)

Minimum duur van studie 1 jaar

Totale krediete 200

Programminligting

Hierdie inligting is slegs in Engels beskikbaar.

Closing date for applications: SA applicants – 30 November; non-SA applicants – 31 August.

This programme is structured to allow for one year of study; therefore, the programme may be completed within two semesters (1 year), subject to fulfilment of all the requirements for the degree and payment of the full amount prescribed for the MPhil degree.

Please contact the Faculty with regard to specific regulations pertaining to MPhil degree programmes.

Toelatingsvereistes

In addition to at least an honours degree in an academic discipline relevant to natural resources management OR any other qualification in an academic discipline relevant to non-renewable natural resources (particularly mineral and/or hydrocarbon resources) that allows admission to a master's programme at the institution where the undergraduate qualification was obtained, the following requirements are set for admission of a prospective student to the MPhil Coursework programme:

A minimum average mark of 65% with respect to the prescribed final-year modules of the undergraduate programme is required for admission to an MPhil coursework programme.

Where an average of below 65% is achieved, the student may be admitted on recommendation of the relevant head of department after consultation with the programme coordinator and consideration of other merits (e.g. relevant professional experience; the applicant's performance in undergraduate/honours modules related to the particular MPhil; the candidate's performance in independent research essays or similar components) and/or an admission examination.

Linguistic competence, primarily in English; foreign applicants who did not complete undergraduate studies through the medium of English must show proof of competence in English at a minimum average level of 6 out of 10 for IELTS or a minimum total score of 83 in TOEFL calculated as follows: reading 21, listening 17, speaking 23 and writing 22. In any other instance where there is doubt as to the English linguistic competence of an applicant, the Dean may require the same proof as prescribed for foreign applicants.

Foreign qualifications are subject to SAQA evaluation. (Some LLM coursework programmes or modules as indicated in the yearbook may only be available to students who hold a relevant South African legal

qualification.)

Even though a student may comply with the above requirements, the Dean may, on the recommendation of the head of department presenting a specific degree or module, refuse to accept a prospective student for any MPhil programme if such a student's performance in the chosen modules or field of study during undergraduate study was not satisfactory. Alternatively, the Dean could set additional requirements with a view to admission.

An admission examination may also be required in respect of a particular programme or module.

Ander programspesifieke inligting

This is a selection-based programme and only selected applicants will be admitted to the programme.

The mini-dissertation must comprise 13 000 to 15 000 words – including footnotes but excluding the table of contents and the bibliography. (The methodology and content of the mini-dissertation should reflect a multidisciplinary perspective on extractive industry policy, management and regulation.)

Any request for an extension of the period for the submission of the mini-dissertation may only be granted by the Dean on recommendation of the Postgraduate Committee.

Navorsing

The relevant head of department must recommend a supervisor and title for a mini-dissertation and these must be approved by the Postgraduate Committee. The mini-dissertation must be assessed and finalised as set out in the Faculty Board-approved LLM Policy Document. Mini-dissertations, where required, must be submitted in the format determined by the supervisor and approved by the Postgraduate Committee. The supervisor may likewise and subject to the approval of the Postgraduate Committee determine the research topic and the scope of the proposed research.

Slaag met lof

For the degree to be awarded with distinction a student must obtain an average of at least 75% for all the coursework modules together, as well as a minimum of 75% for the mini-dissertation. The modules must have been written for the first time.

Kurrikulum: Jaar 1

Minimum krediete: 200

Kernmodules

Die reg tot, en regulering van natuurlike hulpbronne 801 (EIL 801)

Modulekrediete	30.00
Voorvereistes	Geen voorvereistes.
Onderrigtaal	Module word in Engels aangebied
Departement	Publiekreg
Aanbiedingstydperk	Semester 1

Module-inhoud

*Hierdie inligting is slegs in Engels beskikbaar.

The objective of this module is to equip students with a thorough understanding of the legal and policy aspects of natural resources and the regulation of natural resources and industries to extract natural resources. Topics include: (a) Industry background such as the extractive industry value chain and the role of extractive industries in national, regional and global economies, basic extractive industry business and project feasibility metrics, typical national public policy priorities, the differences between the mining and oil and gas industries, gas industry specifics, the various downstream industries (smelters, refineries and petrochemical and energy industries and policy issues pertaining to renewable energy and unconventional extraction methods such as hydraulic fracturing ("fracking"); (b) Natural resource and extractive industry policy concepts and regulatory options; (c) Ownership of mineral rights dispensations (state versus private ownership of mineral rights), the legal position of the owner of the land and the owner of the products of extraction; (d) The advantages and disadvantages of the main granting methodologies applied by host governments including concessions, production sharing agreements, participation agreements, services agreements and hybrid methods; (e) Typical conditions to obtain, renew or transfer exploration or extraction rights and the veracity of the public policy basis of such requirements; (f) Agreements and transactions to transfer rights to prospect and/or to extract; (g) Constitutional and administrative law aspects of relevance in dealing with extractive industry legislation and regulation including the legality of administrative processes governed by an Act such as the MPRD Act and related regulation, the right of third parties to be heard in applications by resource companies under the MPRD Act and the constitutionality of the conversion of "old order mineral rights" to "new order mineral rights".

Volhoudbaarheidsaspekte van ontginningsbedrywe 802 (EIL 802)

*Hierdie inligting is slegs in Engels beskikbaar.

The objective of this module is to equip students with a thorough understanding of the legal and policy concepts shaping civil liability for activities pertaining to extractive industries. Topics include: (a) The general principles of the law of delict and specific areas of civil liability risk for extractive industries including general international civil liability trends, class actions, "piercing the corporate veil", civil liability for SHE incidents and for competition law contraventions; (b) Principles of product liability; (c) Evolving climate change civil liability concepts; (d) Civil liability dimensions of unconventional extraction methods such as hydraulic fracturing and coal bed methane extraction.

Socio-economic development and management of non-renewable natural resources 812 (EIL 812)

Modulekrediete 30.00

Kontaktyd 30 kontakure per semester

Onderrigtaal Module word in Engels aangebied

Departement Publiekreg

Aanbiedingstydperk Semester 2

Module-inhoud

The aim of this module is to equip students, without a formal legal background, a thorough understanding of the various socio-economic aspects and challenges related to the sustainable development and management of mineral and hydrocarbon resources. The topics covered include:

- a. Historical, philosophical and foundational aspects of non-renewable natural resource development and regulation, with particular reference to development in an African context.
- b. Basic concepts relating to the sustainable use and development of mineral, oil and gas resources, in general, and with specific reference to sustainable development, economic viability of resource deposits, project operationalisation requirements, good governance in private and public sectors, regulatory burden and policy development.
- c. The specific interface between responsible resource development and foreign direct investment.

Miniverhandeling 800 (MND 800)

Modulekrediete	100.00
Voorvereistes	RHP 801 en RHP 803
Onderrigtaal	Afrikaans en Engels word in een klas gebruik
Departement	Regsgelerheid Dekaanskantoor
Aanbiedingstydperk	Jaar

Module-inhoud

(a) Die student moet 'n navorsingsvoorstel gedurende die eerste jaar van registrasie ten opsigte van die LLM-graad by sy/haar studieleier inhandig alvorens daar begin kan word met die skryf van die miniverhandeling. (b) 'n Miniverhandeling (MND 800) moet bestaan uit 13 000 tot 15 000 woorde insluitend die voetnotas maar die inhoudsopgawe en die bibliografie uitgesluit. Die miniverhandeling moet by die promotor ingehandig word nie later nie as Augustus van die tweede jaar van registrasie vir die LLM-graad. Die miniverhandeling moet handel oor die vakinhoud van een of 'n kombinasie van die LLM-modules waarvoor die student geregistreer is. 'n Versoek ten opsigte van die verlenging van die tydperk vir indiening van die miniverhandeling kan slegs deur die Dekaan verleen word, op aanbeveling van die LLM-komitee.

Navorsingsmetodologie 801 (RHP 801)

Modulekrediete	5.00
Voorvereistes	Geen voorvereistes.
Kontaktyd	8 seminare
Onderrigtaal	Module word in Engels aangebied
Departement	Regsleer
Aanbiedingstydperk	Semester 1 of Semester 2

Module-inhoud

(a) Beplanning en organisering van 'n navorsingsprojek (b) Konsep navorsingsvoorstel: Hipotese en navorsingsvraag (c) Teorie in navorsing en metodologiese benaderings tot regsnavorsing (d) Taal (e) Verwysing en die etiek van verwysing (f) Konsephoofstukke en afronding

Navorsingsvoorstel 803 (RHP 803)

Modulekrediete 5.00

Voorvereistes Geen voorvereistes.
