

University of Pretoria Yearbook 2019

PhD Computer Science (12266001)

Minimum duration of study 2 years

Total credits 360

Programme information

The department offers a research-based PhD degree. The student works under guidance of a supervisor and is expected to identify and complete a research project. The research results are to be fully reported in a PhD thesis. Unless otherwise decided by the Dean, on the recommendation of the supervisor, the PhD(Computer Science) degree is awarded on the basis of a thesis and an examination on the thesis.

Also consult G Regulations

Admission requirements

Subject to the stipulations of G Regulations G.1.3, G.42 and G.54, admission to doctoral studies requires that the candidate should have obtained at least 75% for a master's degree in computer science.

Examinations and pass requirements

The thesis and examination thereof should prove that the candidate has carried out advanced original research and/or creative work, which make a real and substantial contribution to the discipline of computer science.

Research information

Unless Senate, on the recommendation of the supervisor, decides otherwise, a student, before or on submission of a thesis, must submit proof of submission of an article by an accredited journal to the Head: Student Administration.

The draft or submitted article, as the case may be, should be based on the research that the student has conducted for the dissertation/thesis and be approved by the supervisor if the supervisor is not a co-author.

The supervisor shall be responsible for ensuring that the paper is taken through all the processes of revision and resubmission, as may be necessary. Conferment of the degree may be made subject to compliance with the stipulations of this regulation.

Curriculum: Year 1

Minimum credits: 360

Core modules

Thesis: Computer science 990 (RKW 990)

Module credits 360.00

Prerequisites No prerequisites.
