

## University of Pretoria Yearbook 2020

# BScHons Human Physiology (10243027)

Minimum duration of study	1 year		
Total credits	120		
NQF level	08		
Contact	Dr P Bipath	priyesh.bipath@up.ac.za	+27 (0)123192424
	Prof A Phulukdaree	alisa.phulukdaree@up.ac.za	+27 (0)123192147

### Programme information

The following requirements are set for completing the programme:

- Advanced instruction by means of self-tuition and four compulsory seminars of which at least one must be read to and defended before the department in question, on topics assigned to the student.
- Practical experience of the laboratory techniques used in the particular subsections of the subject.
- Attendance at the compulsory faculty module (TNM 700) Applied research methodology 700.
- Successful completion of the prescribed module (MBS 700) Medical biostatistics 700.
- Taking part in a research project and presentation of an independent research report.
- Satisfactory attendance at a library-user course.

#### Admission requirements

- A bachelor's degree deemed acceptable by the head of department for the proposed field of study or an
  equivalent qualification deemed acceptable by the Senate of the University for the proposed field of study.
- At minimum average of 60% in the final year (undergraduate) in Physiology.
- Admission is subject to the approval of the head of department: with the proviso that a candidate who has
  obtained an average of less than 60% in the modules of his or her major subject in the final year of the
  bachelor's degree study may be admitted only with the Dean's approval on the recommendation of the head of
  department.
- Additional requirements may be set by the head of department.

### Additional requirements

A minimum average of 60% in the final year (undergraduate) in Physiology.

The prerequisites for admission to the honours degree in certain fields of study are indicated in the syllabuses of the specific department.

Also consult General Regulations.

#### Examinations and pass requirements

An average of at least 50% in all the sections of the module MFG 777 is required in order to pass (see syllabi). A minimum continuous evaluation mark of 40% is required for admission to the examination. The continuous evaluation mark is compiled from an average of 3 tests (50%), seminars and discussions on journals (25%), and project and presentation (25%). TNM 700 must be satisfactorily attended and MBS 700 must be completed successfully before the degree will be conferred.

- i. The examination at the end of the programme will consist of two written papers of three hours each as well as an oral examination of 30 minutes.
- ii. For the field of specialisation Medical Physics, one examination of three hours is required in each of the theoretical modules. The mark awarded to the practical work will also be taken into account when the final mark is calculated.
- iii. To comply with the pass requirements for the degree, a student must obtain a final mark of at least 50% in each division as indicated, as well as a pass mark of at least 50% for the essay/work assignment (if applicable). The stipulations regarding pass requirements for dissertations in the General Regulations apply mutatis mutandis to essays.
- iv. Also consult General Regulation G.18 regarding Renewal of registration.

#### Pass with distinction

The degree is conferred with distinction on a student who has obtained an average of at least 75% in the examination (written, oral, practical, etc).

Curriculum: Final year

Minimum credits: 120

**Core modules** 

Medical biostatics 700 (MBS 700)

Module credits 20.00

**Contact time** 1 lecture per week

**Language of tuition** Module is presented in English

**Department** Statistics

**Period of presentation** Semester 1

**Human physiology 777 (MFG 777)** 

Module credits 100.00

**Prerequisites** No prerequisites.

**Language of tuition** Module is presented in English

**Department** Physiology

**Period of presentation** Year

Module content

Basic physiology knowledge, and specialised projects in Departmental research focus areas. This module includes 30 research credits.

#### **Applied research methodology 700 (TNM 700)**

Module credits 0.00

**Language of tuition** Module is presented in English

**Department** School of Medicine

**Period of presentation** Year

**Module content** 

\*Attendance module only.

The information published here is subject to change and may be amended after the publication of this information. The **General Regulations** (**G Regulations**) apply to all faculties of the University of Pretoria. It is expected of students to familiarise themselves well with these regulations as well as with the information contained in the **General Rules** section. Ignorance concerning these regulations and rules will not be accepted as an excuse for any transgression.
