Module content

During this course, students take an integrative view of business and management. Students will be introduced to the concepts of strategy formulation and implementation and study the links between technology, operations, processes and structures. Using the knowledge and skills learned throughout the programme, you will develop a holistic view of business and the organisation.

The information published here is subject to change and may be amended after the publication of this information. The [General Regulations \(G Regulations\)](#) apply to all faculties of the University of Pretoria. It is expected of students to familiarise themselves well with these regulations as well as with the information contained in the [General Rules](#) section. Ignorance concerning these regulations and rules will not be accepted as an excuse for any transgression.
