### Module content

This module involves the theory of leadership and organisational models in health, health systems and their planning, management and evaluation. Knowledge and application of relevant national and key international health policies and legislation. Knowledge and skills in health economics and financing, psychology, medical sociology and sociological models of health, health promotion and social marketing. Knowledge and application of qualitative research methodologies. Knowledge and skills in occupational hygiene, occupational medicine and management of an occupational health service.

The regulations and rules for the degrees published here are subject to change and may be amended after the publication of this information.

The [General Academic Regulations \(G Regulations\)](#) and [General Student Rules](#) apply to all faculties and registered students of the University, as well as all prospective students who have accepted an offer of a place at the University of Pretoria. On registering for a programme, the student bears the responsibility of ensuring that they familiarise themselves with the General Academic Regulations applicable to their registration, as well as the relevant faculty-specific and programme-specific regulations and information as stipulated in the relevant yearbook. Ignorance concerning these regulations will not be accepted as an excuse for any transgression, or basis for an exception to any of the aforementioned regulations.
