Module content

This module is designed to enable students to analyse business problems, derive appropriate solutions, and communicate them effectively. Through classroom instruction and individual feedback, students learn to analyse a business case, generate and review solutions, and prepare a clear, logical written summary of their analysis. Students analyse the problem, conduct the appropriate research in the industry, apply the models and techniques covered, and prepare a consulting report for presentation to management and faculty.

The regulations and rules for the degrees published here are subject to change and may be amended after the publication of this information.

The [General Academic Regulations \(G Regulations\)](#) and [General Student Rules](#) apply to all faculties and registered students of the University, as well as all prospective students who have accepted an offer of a place at the University of Pretoria. On registering for a programme, the student bears the responsibility of ensuring that they familiarise themselves with the General Academic Regulations applicable to their registration, as well as the relevant faculty-specific and programme-specific regulations and information as stipulated in the relevant yearbook. Ignorance concerning these regulations will not be accepted as an excuse for any transgression, or basis for an exception to any of the aforementioned regulations.
