### Module content

The Life design module aims to provide an overview of career theories with emphasis on the life design paradigm in a South African career counselling context. This module will equip students with the knowledge and skills required to provide meaningful and relevant career guidance services by applying the principles of major career theories alongside the principles of life design. Students will be introduced to using career information and education to foster career development. Students will learn how to facilitate the process of life design with learners in order to enable them to construct a career in equilibrium with other life demands.

The regulations and rules for the degrees published here are subject to change and may be amended after the publication of this information.

The [General Academic Regulations \(G Regulations\)](#) and [General Student Rules](#) apply to all faculties and registered students of the University, as well as all prospective students who have accepted an offer of a place at the University of Pretoria. On registering for a programme, the student bears the responsibility of ensuring that they familiarise themselves with the General Academic Regulations applicable to their registration, as well as the relevant faculty-specific and programme-specific regulations and information as stipulated in the relevant yearbook. Ignorance concerning these regulations will not be accepted as an excuse for any transgression, or basis for an exception to any of the aforementioned regulations.
