

University of Pretoria Yearbook 2024

Master of Military Medicine [MMilMed] (10255002)

Department School of Medicine

Minimum duration of study 3 years

Total credits 480

NQF level 09

Admission requirements

1. MBChB (**or** equivalent) degree **or** relevant medical degree with modules equivalent to at least the first two years of the MBChB degree

Additional requirements

Also consult the General Academic Regulations G30-G41. The first two years will be part-time study, and the final year full-time study as a registrar in the relevant main discipline.

Examinations and pass requirements

- i. The sequence of the examinations in the prerequisite subjects is determined by the head of the department under which the major subject falls.
- ii. The nature, duration and time of the examinations are determined in co- operation with the heads of the departments under which the prerequisite subjects fall – with the proviso that, except in cases indicated differently, the examinations in the prerequisite subjects will be held at any time prior to, or concurrently with the examinations in the major subject.
- iii. To pass in a module, a minimum final mark of 50% is required.
- iv. A student will not be admitted to the examinations in a prerequisite module, or to the examination in the major subject, more than twice (supplementary examinations excluded).

Supplementary examinations

Supplementary examinations will take place only after at least six months have elapsed since the conclusion of the examination in which the student failed.

Pass with distinction

The degree is conferred with distinction on a student who has obtained a final mark of at least 75% in his or her major subject.

Curriculum: Final year

Core modules

Surgery 800 (CHR 800) - Credits: 300.00

Military medicine: Internal medicine 800 (MIG 800) - Credits: 300.00

General Academic Regulations and Student Rules

The [General Academic Regulations \(G Regulations\)](#) and [General Student Rules](#) apply to all faculties and registered students of the University, as well as all prospective students who have accepted an offer of a place at the University of Pretoria. On registering for a programme, the student bears the responsibility of ensuring that they familiarise themselves with the General Academic Regulations applicable to their registration, as well as the relevant faculty-specific and programme-specific regulations and information as stipulated in the relevant yearbook. Ignorance concerning these regulations will not be accepted as an excuse for any transgression, or basis for an exception to any of the aforementioned regulations. The G Regulations are updated annually and may be amended after the publication of this information.

Regulations, degree requirements and information

The faculty regulations, information on and requirements for the degrees published here are subject to change and may be amended after the publication of this information.

University of Pretoria Programme Qualification Mix (PQM) verification project

The higher education sector has undergone an extensive alignment to the Higher Education Qualification Sub-Framework (HEQSF) across all institutions in South Africa. In order to comply with the HEQSF, all institutions are legally required to participate in a national initiative led by regulatory bodies such as the Department of Higher Education and Training (DHET), the Council on Higher Education (CHE), and the South African Qualifications Authority (SAQA). The University of Pretoria is presently engaged in an ongoing effort to align its qualifications and programmes with the HEQSF criteria. Current and prospective students should take note that changes to UP qualification and programme names, may occur as a result of the HEQSF initiative. Students are advised to contact their faculties if they have any questions.
