- BA Fine Arts - extended programme

The BA (Fine Arts) Extended programme covers a broad spectrum of professional art practices. The two majors of the degree are the studio-based component of art practice, Fine arts (BKK) and Professional art practice (VIT), and a theoretical subject, Visual culture studies (VKK).

The extended curriculum programme (5 years) consists of the existing number of regular modules for the standard four-year degree in Fine Arts in addition to four foundational modules in the foundation year of study. The first year of the programme offers foundational support in academic literacy and academic information management and competence in art making, visual principles and visual literacies which are critical and unique skills required for art making.

Once fundamental aspects of these disciplines have been mastered, increasingly challenging goals are set that require inter- and multidisciplinary skills and artistic research.

The role of multimedia through projections and video and digital art is also firmly established in the Fine Arts programme.

Fine Arts at UP offers a highly focused education in contemporary art catering to our future graduates' diverse, real world needs.

Artists are treated as creative voices who require blended skillsets ranging from research skills to technical expertise in artistic mediums and methods, project management and community engagement.

The ideal candidate is highly self-motivated, creative individuals who wish to play an active part in shaping and re-making the world in which we live.
