Bachelor of Drama (BDram)

This programme facilitates and fosters students' interest, knowledge and skills in the performing arts. It provides them with opportunities to explore academic, artistic, creative and practical aspects of the discipline.

Students are provided with opportunities to practise their craft by conceiving, directing and participating in a range of media including theatre performances and performance for TV, film and radio.

The programme focuses on the main disciplines of performance studies which include physical theatre directing, performance, digital and new media studies and performing arts management as well as developmental and educational theatre and drama.

Besides offering skills training and fostering an entrepreneurial mind-set, drama develops the capacity to think strategically, systemically, analytically, critically and creatively; communicate effectively; work as part of a collective; make appropriate decisions; plan, organise and prioritise work; solve problems creatively, obtain and process information; influence others; work effectively with a variety of people; be adaptable; lead projects; develop a strong work ethic and manage time.

The BDram programme focuses on embodied teaching and learning and a range of performance and creative activities which transfer skills across these domains.

The ideal candidates are students who are self-driven, hardworking, enthusiastic and aware, and seek concrete ways to use the performing arts to challenge and even change themselves and society.
