The purpose of this programme is to train teachers for the Senior Phase and Further Education and Training Teaching (FET) phase. Apart from the Core and Fundamental subjects that are prescribed for this programme, students can choose electives (from a prescribed list) according to the following rules:

- Three subjects are to be taken in the first year, two are taken to second year and one to third-year level. There are exceptions to the rule, especially in Mathematics and Sciences. The exceptions are clearly described in the Faculty of Education yearbook.
- Two electives for FET teaching and one elective for Senior Phase (SP) teaching or one elective for FET teaching and two electives for SP teaching..

The ideal candidate is a person who has passed matric with subjects they are keen to teach. Successful candidates should, however be dedicated and hardworking, and passionate about teaching and learning.

Students who excel in this programme:

- are willing to work hard and independently;
- take responsibility for their studies;
- are prepared to ask for help when needed;
- are prepared to make responsible choices; and
- believe in teaching as a profession and a calling.

The programme has SAQA accreditation and qualifies a successful student as both a subject and a teaching specialist. Through Work Integrated Learning, the student gets practical experience in schools, giving them the confidence to stand as a well-equipped professional in front of a class from their first day.
