- BA Law

This programme meets specific training needs that emerge from the demand for employees with a specific knowledge of law, but who are also schooled in aspects of the social or human sciences. The aim of this multidisciplinary programme is to train students as law practitioners with a broader academic background, to provide an alternative route to obtaining an LLB, to provide versatile training in both law and the social sciences or humanities, to improve students' insight into the extent, consequences and handling of national and global issues, and to academically equip students for a career in which research, decision-making and reporting on law-related issues are important requirements. The programme is offered on a full-time basis with certain modules offered after hours.
