- BA

More students choose the BA degree than any other programme. Its adaptability enables students to explore disciplines and proceed with those best suited to their interests and abilities.

At the first-year level, Academic information management (AIM) and Academic literacy (ALL) are fundamental (compulsory) modules. In compiling their programmes, students have an extraordinarily wide choice. Students determine the focus of their studies (usually the two majors are taken up to the third-year level) as well as the supporting subjects they decide to include in the programme.

## Career Opportunities

**Careers:** There are a range of career options for students who complete the BA programme. Since the BA programme is relatively flexible, students are able to choose the same majors and elective modules as students studying in more structured programmes.

**Note:** Students who wish to become psychologists must complete a BA majoring in Psychology, the BSocSciHons (Psychology), and the MA (Clinical, Counselling or Research Psychology).

**Careers:** Clinical, counselling (sports and community) and research psychologist, registered counsellor or registered psychometrist. (Contact the Health Professions Council of South Africa at [click here](#) for information on the requirements.)
