

University of Pretoria Yearbook 2016

Primary plant metabolism 719 (BOT 719)

Qualification Postgraduate

Faculty Faculty of Natural and Agricultural Sciences

Module credits 10.00

Programmes BScHons Biotechnology

BScHons Option: Medicinal Plant Science

BScHons Plant Science

Prerequisites No prerequisites.

Contact time 1 discussion class per week, 1 web-based period per week, 1 practical per week

Language of tuition English

Academic organisation Plant and Soil Sciences

Period of presentation Semester 1

Module content

Regulation and interaction of primary plant metabolic pathways on the sub-cellular and whole plant level.

The information published here is subject to change and may be amended after the publication of this information. The **General Regulations (G Regulations)** apply to all faculties of the University of Pretoria. It is expected of students to familiarise themselves well with these regulations as well as with the information contained in the **General Rules** section. Ignorance concerning these regulations and rules will not be accepted as an excuse for any transgression.
