

University of Pretoria Yearbook 2016

Physical chemistry A 716 (CMY 716)

Qualification Postgraduate

Faculty of Natural and Agricultural Sciences

Module credits 10.00

Programmes BScHons Chemistry

Contact time 1 discussion class per week for 4 weeks, 6 lectures per week for 4 weeks

Language of tuition English

Academic organisation Chemistry

Period of presentation Semester 1 or Semester 2

Module content

Crystallography: theoretical principles, symmetry elements and operations, point groups, space groups, theory of crystals, X-rays, crystallographic techniques, structure determinations, powder diffraction and crystallographic data bases.

Molecular modelling: molecular

structure/energy, methodology, principles and and molecular surfaces.

The information published here is subject to change and may be amended after the publication of this information. The General Regulations (G Regulations) apply to all faculties of the University of Pretoria. It is expected of students to familiarise themselves well with these regulations as well as with the information contained in the General Rules section. Ignorance concerning these regulations and rules will not be accepted as an excuse for any transgression.
