Module content

The subject of corporate finance is central to management decision making. The major learning objectives of this course will be to make students familiar with valuation methods so that they feel confident making value creating corporate financial decisions.

The information published here is subject to change and may be amended after the publication of this information. The [General Regulations \(G Regulations\)](#) apply to all faculties of the University of Pretoria. It is expected of students to familiarise themselves well with these regulations as well as with the information contained in the [General Rules](#) section. Ignorance concerning these regulations and rules will not be accepted as an excuse for any transgression.
