### Module content

This elective will explore and actively engage the fascinating markets of the developing world and the exciting business opportunities that they offer to those creative and brave enough to engage them. Analyse the phenomena of poverty and wealth creation using complex systems theory as a framework. Provide an overview of the so-called “second economy” and the dynamics of wealth and poverty in the South African context.

The information published here is subject to change and may be amended after the publication of this information. The [General Regulations \(G Regulations\)](#) apply to all faculties of the University of Pretoria. It is expected of students to familiarise themselves well with these regulations as well as with the information contained in the [General Rules](#) section. Ignorance concerning these regulations and rules will not be accepted as an excuse for any transgression.
