<b>Module credits</b>	4.50
<b>Language of tuition</b>	English
<b>Academic organisation</b>	Gordon Institute of Business S
<b>Period of presentation</b>	Semester 1 or Semester 2

### Module content

The primary purpose of this module is to equip students with the conceptual and practical skills to enable them to contribute to the development and maintenance of effective organisations. OD as the name implies has as its primary focus, the development of effective and efficient organisations that are able to meet the needs of all stakeholders. You will have a greater understanding of how organisations need to be designed and to change to accommodate the challenges of global competitiveness and South Africa's particular imperatives. You will also learn how an organisation's structure impacts on its performance. You will appreciate the challenges associated with the management of change in organisations, and develop the skills and insights required to effect change in your own organisation. In the process you will become more aware of your own values, beliefs and actions and, if necessary, change the way you think and act as a manager.

The information published here is subject to change and may be amended after the publication of this information. The [General Regulations \(G Regulations\)](#) apply to all faculties of the University of Pretoria. It is expected of students to familiarise themselves well with these regulations as well as with the information contained in the [General Rules](#) section. Ignorance concerning these regulations and rules will not be accepted as an excuse for any transgression.
