<b>Language of tuition</b>	English
<b>Academic organisation</b>	Political Sciences
<b>Period of presentation</b>	Semester 1 or Semester 2

### Module content

The study of empirical and normative theories of international relations, with specific reference to the contemporary development and state of the art thereof. The emphasis is on the extent to which it represents traditional or postmodern thought and it moves away from the contending paradigms and perspectives that presently characterise the discipline. In-depth analyses are also made of specific partial theories, and of the contribution of selected theorists and their works.

The information published here is subject to change and may be amended after the publication of this information. The [General Regulations \(G Regulations\)](#) apply to all faculties of the University of Pretoria. It is expected of students to familiarise themselves well with these regulations as well as with the information contained in the [General Rules](#) section. Ignorance concerning these regulations and rules will not be accepted as an excuse for any transgression.
