

# University of Pretoria Yearbook 2016

## Quality assurance, evaluation and assessment at system level 880 (KEA 880)

**Qualification** Postgraduate

**Faculty** [Faculty of Education](#)

**Module credits** 12.00

**Prerequisites** No prerequisites.

**Language of tuition** English

**Academic organisation** Science, Maths + Techno Ed

**Period of presentation** Year

### Module content

This module begins with summarizing the policies and practices on quality assurance in South Africa. This serves as a context to discuss national and international literature on quality assurance, monitoring and evaluation at system level. How to design a QA/monitoring project will be discussed by analysing examples, including the design of large-scale national assessment studies. Students will demonstrate competence in designing a QA/monitoring project applying relevant concepts, theories and methodologies.

The information published here is subject to change and may be amended after the publication of this information. The [General Regulations \(G Regulations\)](#) apply to all faculties of the University of Pretoria. It is expected of students to familiarise themselves well with these regulations as well as with the information contained in the [General Rules](#) section. Ignorance concerning these regulations and rules will not be accepted as an excuse for any transgression.
