### Module content

The module deals with the principles of international law at an advanced level. It focuses on theoretical questions pertaining to sources of the law and the relationship between international and national law. It analyses new developments in international law such as the changing content of sovereignty and the phenomenon of regional integration.

The information published here is subject to change and may be amended after the publication of this information. The [General Regulations \(G Regulations\)](#) apply to all faculties of the University of Pretoria. It is expected of students to familiarise themselves well with these regulations as well as with the information contained in the [General Rules](#) section. Ignorance concerning these regulations and rules will not be accepted as an excuse for any transgression.
