### Programme information

The package aims to equip potential managers with specific and applied knowledge and competencies to manage sport and recreation in both the private and public sector. Recreation and sport as products differ from other products in the market causing the bridge between Management Science and the theory and practice of sport and recreation not to be realised efficiently. The package focuses specifically on this challenge.

### Admission requirements

- To be able to register NSC candidates must comply with the minimum requirements for degree studies as well as with the minimum requirements for the relevant study programme.
