

University of Pretoria Yearbook 2017

Advanced one health: public health 813 (AHE 813)

Qualification	Postgraduate
Faculty	Faculty of Veterinary Science
Module content	(elective) This module will focus on the human dimension of One Health. It introduces an approach to formulate a zoonotic disease control programme. After the module students should be able to explain the disease burden of a particular zoonosis, to develop an epidemiological model, to analyse its broader determinants, to appraise and prioritise possible interventions based on effectiveness, cost, feasibility and acceptability and to identify implementation challenges in a specific public health system's context.
Module credits	12.00
Programmes	MSc Tropical Animal Health (Coursework)
Language of tuition	Module is presented in English
Academic organisation	Veterinary Tropical Diseases
Period of presentation	Semester 1
