Faculty	Faculty of Humanities
Module credits	6.00
Prerequisites	No prerequisites.
Contact time	1 practical per week, 3 lectures per week
Language of tuition	Afrikaans and English is used in one class
Academic organisation	Sport and Leisure Studies
Period of presentation	Semester 1

Module content

*Closed – requires departmental selection

This module introduces the student to basic anatomical concepts regarding body areas, levels, axes of motion and anatomical terminology. Development anatomy forms the first part of the module. From there the student continues to the study of osteology, arthrology, skeletal-muscular system, nerve innervation, anatomy of the brain and the cardio-respiratory system. An important aspect of the module is movement anatomy and its application.
