

University of Pretoria Yearbook 2017

Molecular techniques 705 (BOT 705)

Qualification Postgraduate

Faculty [Faculty of Natural and Agricultural Sciences](#)

Module credits 15.00

Programmes [BScHons Biotechnology](#)

[BScHons Plant Science](#)

Prerequisites Admission into BSc Hons in Plant Science (Plant Biotechnology/Physiology)

Contact time 5 practical per week, 1 lecture per week, 1 discussion class per week

Language of tuition Module is presented in English

Academic organisation Plant and Soil Sciences

Period of presentation Semester 1

Module content

Students are guided through the methodology of research planning and data handling. They are offered hands-on experience in a range of advanced techniques employed in molecular research and analysis.

The information published here is subject to change and may be amended after the publication of this information. The [General Regulations \(G Regulations\)](#) apply to all faculties of the University of Pretoria. It is expected of students to familiarise themselves well with these regulations as well as with the information contained in the [General Rules](#) section. Ignorance concerning these regulations and rules will not be accepted as an excuse for any transgression.
