### Module content

This module discusses the critical role of the management of information as key to quality decision-making in organisations. This includes information related to managing the curriculum, finances, stock and facilities. It enhances organisational management skills by pointing out the necessity for students to critically evaluate and reflect on theory and their practical experience as individual members of a professional community. Doing so in response to classroom and school contextual challenges and dilemmas will help students to provide quality education.

The information published here is subject to change and may be amended after the publication of this information. The [General Regulations \(G Regulations\)](#) apply to all faculties of the University of Pretoria. It is expected of students to familiarise themselves well with these regulations as well as with the information contained in the [General Rules](#) section. Ignorance concerning these regulations and rules will not be accepted as an excuse for any transgression.
