Faculty	Faculty of Law
Module credits	30.00
Language of tuition	Module is presented in English
Academic organisation	Public Law
Period of presentation	Semester 1

Module content

The objective of this module is to equip students with a thorough understanding of the legal and policy concepts shaping civil liability for activities pertaining to extractive industries. Topics include: (a) The general principles of the law of delict and specific areas of civil liability risk for extractive industries including general international civil liability trends, class actions, "piercing the corporate veil", civil liability for SHE incidents and for competition law contraventions; (b) Principles of product liability; (c) Evolving climate change civil liability concepts; (d) Civil liability dimensions of unconventional extraction methods such as hydraulic fracturing and coal bed methane extraction.

The information published here is subject to change and may be amended after the publication of this information. The [General Regulations \(G Regulations\)](#) apply to all faculties of the University of Pretoria. It is expected of students to familiarise themselves well with these regulations as well as with the information contained in the [General Rules](#) section. Ignorance concerning these regulations and rules will not be accepted as an excuse for any transgression.
