Module credits 6.00

Programmes [BEd Foundation Phase Teaching](#)

Contact time 2 lectures per week

Language of tuition Separate classes for Afrikaans and English

Academic organisation School for Teachers Training

Period of presentation Semester 1

Module content

The module has a holistic approach to the aspects of health, safety and nutrition of the young child, including knowledge about HIV/Aids. It is a field of knowledge that will equip you with the necessary knowledge, skills, values and attitudes needed to create and promote a safe environment in which the young child can grow and develop. The main focus of this field of knowledge is the Life Orientation Learning area, which forms part of the Life Skills Learning Programme in Early Childhood Development and Education (ECD).

The information published here is subject to change and may be amended after the publication of this information. The [General Regulations \(G Regulations\)](#) apply to all faculties of the University of Pretoria. It is expected of students to familiarise themselves well with these regulations as well as with the information contained in the [General Rules](#) section. Ignorance concerning these regulations and rules will not be accepted as an excuse for any transgression.
