Module content

*This module replaces MBK 714 and is only available to BA(HMS)(Hons) students specialising in biokenetics. After completion of this module the student will be educated in the following disciplines and will be able to apply them in practice: sport vision, podiatry, ethics and financial management.

- Sport vision: The student will have a general knowledge regarding the different sport vision tests, the interpretation of the tests and the prescription of training programmes.
- Podiatry: The student will have a general knowledge regarding gait analysis, the identification of different foot problems and the prescription of correct shoes and rehabilitation training programmes.
- Ethics: The future and career opportunities in sport and biokinetics, sportsmanship, sport and ethics, sport and drugs, sport and technology.
- Financial management: When the biokinetic student starts with a practice, he/she will become a businessman in the economic sector. This module will give general knowledge to the student regarding operations management, financial management and income tax that will be applicable in practice.
