

University of Pretoria Yearbook 2017

Medical terminology 180 (MTL 180)

Qualification	Undergraduate
Faculty	Faculty of Humanities
Module content	The acquisition of a basic medical orientated vocabulary compiled from Latin and Greek stem forms combined with prefixes and suffixes derived from those languages. The manner in which the meanings of medical terms can be determined by analysing the terms into their recognisable meaningful constituent parts, is taught and exercised. The functional use of medical terms in context as practical outcome of terminological application is continually attended to.
